2 ShanghaiRanking's Global Ranking of Sport Science Schools and Departments 2021, 2022, 2023 and 2024.

3 U.S. News & World Report, Best Global Universities Subject Rankings 2024–2025.

4 ShanghaiRanking's Ranking of Academic Subjects 2024.

5 Graduate Outcomes Survey 2023, Quality Indicators for Learning and Teaching (QILT), based on overall employment for domestic undergraduates, 4–6 months after course completion, equal overall employment rate with Monash University.

6 Australian Graduate Survey 2010–2015, Graduate Outcomes Survey 2016–2023, Quality Indicators for Learning and Teaching (QILT).

7 2023 Student Experience Survey, Quality Indicators for Learning and Teaching (QILT).

Acknowledgement of Country

Deakin University acknowledges the Traditional Custodians of all the unceded lands, skies and waterways on which Deakin students, staff and communities come together. As we learn and teach through virtually and physically constructed places across time, we pay our deep respect to the Ancestors and Elders of Wadawurrung Country, Eastern Maar Country and Wurundjeri Country, where our physical campuses are located. We also acknowledge the many First Nations from where students join us and make vital contributions to our learning communities.

Artwork: Learning Together, Growing Together by Nathan Patterson.

The Deakin experience

At Victoria's #1 university for graduate employment¹ and course satisfaction², you'll graduate with more than a degree.

When you study at Deakin, you unlock access to a dynamic education, hallmarked by:

- industry-immersed placements and work integrated learning experiences
- flexible course options, including an extensive range of double degrees
- study abroad and travel opportunities
- round-the-clock student support that is ranked #1 for all Victorian universities³
- a world-class digital learning environment
- #1 ranked facilities and resources for all Victorian universities.³

As a Deakin graduate, you'll enter the workforce with the real world skills you need to transition from course to career.

▶ Our student experience

You get support every step of the way at Deakin, Victoria's #1 university for student support.³ Our on-campus and virtual events help you make friends and feel part of our community. Our academic study support services offer tailored help to bring out your best. And, if you ever need a helping hand with your wellbeing, our healthcare and disability professionals are available.

deakin.edu.au/student-life

▶ Our world-class research and education

At Deakin, we're leading the way with our innovative facilities and internationally renowned research and teaching. We're proud to be placed in the top 200 universities worldwide.⁴ We've also been awarded a five-star rating by the prestigious university ranking Quacquarelli Symonds (QS).

▶ Expand your horizons by studying abroad

Interested in studying abroad? Deakin partners with universities in 40 countries. Join an international internship, exchange, study tour or volunteer placement to get credit towards your degree and gain a competitive edge in the workforce.

deakin.au/overseas-study

#1 Victorian uni
for graduate employment¹
and course satisfaction²

▶ Our alumni

Your journey with Deakin doesn't finish when you graduate. To help you unlock your potential, you'll have access to DeakinTALENT's award-winning⁵ career coaching, industry networking opportunities and digital resources. You're ready. The world awaits.

4 2025 QS World University Rankings.

5 Australian Graduate Recruitment Industry Awards 2017, 2018, 2019, 2020 winner for most popular career service in Australia; Employability award, 2021 Australian Financial Review Higher Education Awards.

6 As at December 2024.

Deakin Access and Equity Schemes

We believe that everyone should have access to higher education. That's why we consider how your talents, qualifications and experience may help you succeed at university.

deakin.edu.au/study/access-programs

The Deakin Guaranteed ATAR

We are providing lower guaranteed ATARs for eligible Australian Year 12 students for most undergraduate courses. This will provide you with more certainty, reduce stress and ultimately give you greater opportunity to get into the course you really want.

To be eligible, you will need to meet at least one of the following criteria, preference Deakin and submit a SEAS application through VTAC:

- attend a Deakin under-represented school
- live or study in a regional or remote location, or
- be of Indigenous Australian descent.

deakin.edu.au/deakin-guaranteed-atar

Special Entry Access Scheme (SEAS)

SEAS recognises obstacles you've encountered and adjusts your ATAR to improve your chances of securing a place in your dream course.

You may be eligible if you:

- are under-represented, live regionally or are of Indigenous Australian descent
- experience financial hardship
- live with a disability or medical condition
- experience life or family challenges.

deakin.edu.au/seas

Regional and Remote Entry Scheme (RRES)

To address workforce shortages in regional and rural areas, this scheme has dedicated RRES VTAC codes for exercise and sport science, medical imaging, nutrition science, occupational therapy, social work and vision science/optometry courses. If you are a Year 12 student in Greater Geelong or a regional or remote area, you can apply for this scheme. You may also get up to 10 aggregate points towards your entry score.

deakin.edu.au/rres

Indigenous Entry Stream

In partnership with the National Indigenous Knowledge Education Research Innovation (NIKERI) Institute, Deakin's Indigenous Entry Stream offers entry streams exclusively for Aboriginal and Torres Strait Islander students to study an optometry, medical imaging, medicine or psychological science (honours) degree.

deakin.edu.au/ies

National Indigenous Knowledges, Education, Research and Innovation (NIKERI) Institute

The NIKERI Institute offers community-based education programs so that Aboriginal and Torres Strait Islander students have the flexibility to access higher education while maintaining family, work and community commitments.

deakin.edu.au/nikeri

Your campus; our game-changing facilities

Join a global community of more than 300,000 alumni who have a shared ambition to nurture a better future. Where you choose to study will depend on your degree and preferences. Our on-campus degrees use the same online learning platform as our online degrees. That means more flexibility to do what works for you, with seamless connection between our physical and digital classrooms.

Melbourne Burwood Campus

A 30-minute drive from Melbourne's bustling CBD, Deakin's Melbourne Burwood Campus is our liveliest; it is the home campus for approximately 27,000 students.

Our top-tier facilities:

- a professional motion-capture lab
- dance, drama, visual arts, photography and design studios
- Deakin Studios (Burwood) – our virtual production, television, film, and animation studio
- the Phoenix Art Gallery
- new, purpose-built engineering facilities featuring high-tech equipment
- industry-standard food preparation, food analysis and sensory labs
- a recently expanded nursing and midwifery clinical simulation centre
- IT gaming facilities
- a simulated foreign-currency trading floor
- a moot court
- a specialised state-of-the-art indoor exercise and sport science facility

Geelong Waurn Ponds Campus

More than 7,300 students access world-class programs and superb facilities at our Waurn Ponds Campus, which is just 9km from Geelong's CBD.

Our top-tier facilities:

- a state-of-the-art engineering precinct and modern science labs
- the Nyaal immersive learning precinct, an interactive learning space with a 360-degree theatre, collaborative think tank and event space

Additionally, Deakin's Elite Regional Sports Precinct includes:

- an MCG-sized AFL oval
- a FIFA-grade soccer pitch
- an eight-lane, 400-metre athletics track and 50-metre long-jump track and sandpit
- basketball and netball courts and baseball diamond.

Geelong Waterfront Campus

Founded in 1994 and originally built as wool stores in the 19th century, our Geelong Waterfront Campus overlooks Corio Bay and offers world-class facilities to more than 4,200 students.

Our top-tier facilities:

- Architecture and Built Environment (A+B) studio and gallery
- nursing and midwifery clinical simulation centre
- Occupational Therapy Learning Hub featuring assistive SMART technology
- design, photography and visual arts studio spaces
- The Project Space art gallery
- wellbeing spaces for group fitness and pilates and yoga

This stunning campus is just 30 minutes from the iconic Great Ocean Road, complete with famous surf beaches and the occasional whale sighting.

Warrnambool Campus

Three hours from Melbourne and two hours from Geelong by car, our friendly and tight-knit Warrnambool Campus is set on the banks of the Hopkins River.

Our top-tier facilities:

- multi-million-dollar Health Precinct with nursing and midwifery, occupational therapy and medical simulation spaces, opening early 2025
- the Aquaculture Futures Facility
- Deakin's research vessel 'Yolla'
- the Hycel Technology Hub, a 2200m² bespoke hydrogen research, testing and training facility

Common facilities across campuses

- DeakinACTIVE gyms
- medical centres
- cafes and hospitality outlets
- libraries
- security offices
- all-gender accessible amenities
- Changing Places facilities
- public transport access (expanded bus network at Burwood)
- car parks

Online learning

For more than 50 years¹, Deakin has been perfecting distance and online learning. Today, we have a community of more than 60,000 students, and continue to be world leaders with our innovative online teaching and learning platform.

With live-streamed seminars and real-time class discussions, you can study what, how and when you want. Our easy-to-use learning tools, including DeakinSync and CloudDeakin, connect you to peers, teachers, support resources and course materials offline. Plus, if you live near campus, you're always welcome there too.

¹ Deakin was formally established on 10 December, 1974.

Melbourne Burwood Campus

Living on campus

Deakin Res is the perfect step between living at home and living independently. Join a like-minded community on campus, where you'll:

- be supported by our helpful residential leaders and friendly staff
- enjoy 100+ activities and events each trimester
- gain exclusive access to res spaces
- receive 24/7 staff and security support
- secure affordable living with rental inclusions.

Melbourne Burwood Campus

Our Melbourne Burwood Campus is the perfect mix of state-of-the-art student housing and traditional village living. It's just 30 minutes from the Melbourne CBD and there are various transport options on your doorstep. This campus is bordered by sprawling parkland and boasts studio apartments, shared living options and exclusive res spaces like a Zen Zone, Music Room and Sports Lounge.

Geelong Waurin Ponds Campus

Make Geelong Waurin Ponds Campus your future home and start your mornings with a walk, jog or ride through the picturesque campus. Choose from self-contained studio apartments, townhouses and shared units. Plus, get connected with students from across the globe at an array of events, including trivia nights and regional trips.

Geelong Waterfront Campus

The Geelong Waterfront Campus is located in the heart of Geelong's CBD, a stone's throw from the iconic Eastern Beach. Deakin Residential Services' Brougham House offers the conveniences of CBD living, with state-of-the-art facilities and stunning views from the rooftop terrace overlooking the bay. You'll also have access to study rooms, a theatre room and recreation spaces.

Warrnambool Campus

Live on the banks of the pristine Hopkins River and near surf beaches. Choose from shared living or studio apartments where you'll immediately feel at home. Warrnambool offers a tight-knit, welcoming and inclusive community, with lots of opportunities to meet new people and learn new skills.

Living off campus

If you're ready to commit to total independence, you might be interested in renting privately.

To find accommodation near campus, visit our online database of rooms, houses and apartments:

accommodation.deakin.edu.au/off-campus

'Living on Res has been one of the best decisions I have made all year. The real highlight is the exclusive Res events that require no additional payment from residents. I got to meet so many awesome people and experience things that I may not have had a chance to if I was not on Res.'

Derby Teo

Master of Cyber Security student

¹ Powered by the Asia-Pacific Student Accommodation Association (APSAA) in conjunction with Investor In Students (IIS), 2024.

National Indigenous Knowledges, Education, Research and Innovation (NIKERI) Institute

During study intensives, the Kitjarra student residences are available to the Institute's students. Kitjarra is just a short walk from the Institute's academic building at the Geelong Waurin Ponds Campus, and is a convenient and comfortable option for study and accommodation.

deakin.edu.au/kitjarra

Study online – on your terms

Digital is our DNA; at Deakin, we have more than 50 years of experience in distance and online learning.

Ready to pursue your passion on your own terms? Study online anywhere, anytime and create a learning experience that suits your lifestyle and advances your career.

Connect with 60,000+ students online

We bring the classroom to you using advanced technology. Studying online puts you into the classroom through our premium online learning platform giving you access to lectures, seminars and resources.

You'll also have the opportunity to participate in live-streamed seminars and class discussions, chat with staff and students and submit assignments online without having to attend our physical campuses.

Access a range of services from home

As an online student you'll still have full access to the same services as those who are studying on campus. We have a full range of personal services to support your health and wellbeing allowing you to succeed in your studies and make the most of university life.

Our services include an extensive suite of career services, financial support and free counselling – all available for you to access without even visiting one of our campuses.

Excel via our premium online platform with Australia's highest rated tech support

DeakinSync makes your transition to online study a smooth one. It's our online campus where you'll find everything you need to manage your enrolment and get prepared.

You'll always have access to the Deakin community through DeakinSync, allowing you to connect and collaborate.

DeakinSync allows you to:

- Access learning materials, reading lists and study guides.
- Participate in online lectures, seminars and live chats.
- Manage your enrolment and fees, and access your student email.
- Access expert library research support.
- Access digital library resources 24/7.
- Access all sorts of study and personal support resources.
- Connect with career support.
- Access IT assistance with Australia's top-rated tech support (even outside working hours).

Unit sites are the centre of your learning experience at Deakin.

Most unit sites allow you to:

- Participate in live-streamed lectures, tutorials, seminars, discussion forums and chats.
- Watch a welcome video from your unit chair and access staff contact details.
- Submit your assignments and check your grades.
- Find online activities that you may need to complete, e.g quizzes.
- Take advantage of content that is accessible via desktop, tablet or mobile.

Most courses even allow you to sit your end-of-trimester assessments online.

Admissions

Your guide to applying to Deakin

STEP 1

CHOOSE DEAKIN

STEP 2

FIND YOUR COURSE

Browse pages 15–59 and check entry requirements, application methods and application dates.

STEP 3

CHOOSE HOW YOU WANT TO STUDY

Study online or on campus and either part time, full time or with units across three trimesters.¹

deakin.au/flexible-study-options

STEP 4

LEARN ABOUT FEES

Learn about fees, other study costs, government assistance and scholarships on page 12. Visit page 3 for information on our access and equity schemes.

deakin.edu.au/help-hub

STEP 5

APPLY

We're here to ensure your application process is as seamless as possible.

Learn more about how to apply at:

deakin.edu.au/how-to-apply

For year 12 students, learn how to apply through VTAC: deakin.au/year-12-applicants

FAQs

So, when can I expect an offer?

Information about dates and offers is available on the VTAC website, vtac.edu.au. For trimester 1, Deakin makes offers in November, December, January and February.

For applications made directly to Deakin, offers are made via email within a few days, subject to course, time of year and application information.

How do I defer my studies?

If you need to take time off for work or travel before starting your course, most courses let you postpone while retaining your Deakin place for up to two years.

deakin.edu.au/enrolment

¹ Eligibility and trimester availability will differ depending on your course.

Find your pathway to Deakin

There are many ways you can get into an undergraduate course at Deakin

We'll make sure your hard work is rewarded with a pathway to university. Many of our pathway options offer recognition of prior learning. Try our Pathways Finder and explore the options that might be available to you.

deakin.edu.au/pathways-finder

¹ Subject to availability and meeting course entry requirements or minimum academic requirements. Recognition of prior learning (RPL) reviewed upon application.

² If you are unsure whether or not you need to sit the STAT Multiple Choice, or would like more information on non-Year 12 course entry requirements, please visit vtac.edu.au or contact Deakin.

Student life and experiences

Join the club

Meet new people, try new things, share your skills and discover your hidden talents. With more than 120 clubs and societies across our campuses and online, you'll find everything from sports, health and personal development clubs to academic, religious and course-specific groups. One of Deakin's most impactful clubs is the Deakin University Student Association (DUSA). DUSA is an inclusive, student-run community that aims to enrich your university experience.

deakin.edu.au/clubs-and-societies

Elite Athlete Program

We understand the demands placed upon elite athletes to balance studies and sporting commitments. Deakin University is a proud member of the EA Education Network (EAEN) and our Elite Athlete Program offers support and benefits to student athletes in a range of ways. These vary from academic assistance and course flexibility to financial support and gym access.

deakin.edu.au/elite-athlete-program

Diversity and inclusivity

University is a fun and exciting experience, but it's not without its challenges. That's where we come in. We can assist you with everything from finding somewhere great to live and signing up to Deakin's clubs and societies to connecting with your peers – both on and off campus. We can even help you find a job and gain access to disability support and health services.

deakin.edu.au/diversity-and-inclusion

Our sustainability

We care about our shared future. That's why we're committed to sustainable initiatives and practices, and focus on our environmental, social and economic sustainability performance. Our Geelong Wairn Ponds 7.25 megawatt Renewable Energy Microgrid and Burwood Battery Research and Innovation Hub keep us at the forefront of developing future energy solutions.

deakin.edu.au/sustainability

deakin.edu.au/about-deakin/vision-and-values/sustainability

Values shaping our learning community

Deakin values diversity, embraces difference and strives to promote social inclusion. We deliver a range of services and programs in this space.

deakin.edu.au/values

- The National Indigenous Knowledges, Education, Research and Innovation (NIKERI) Institute supports a national educational program linking Aboriginal and Torres Strait Islander secondary school students to universities.
- Through the Sexual Harm Prevention program, Deakin seeks to promote respectful behaviour and shift the gendered drivers of violence that underpin both sexual harm and gender inequality.
- Deakin's LGBTIQ+ community supports the visibility and culture of the community. deakin.edu.au/lgbtiq

Deakin Accelerate for VCE students

Fast-track your university studies with this VCE extension studies program, offering high-achieving students university-level learning opportunities to boost their ATAR. Complete two first-year university units at the same time as your Year 12 studies.

deakin.edu.au/accelerate

Fees, scholarships and financial assistance

Course fees

Most domestic undergraduate students are enrolled in a Commonwealth supported place (CSP), which is subsidised by the Australian Government. A CSP is a place at university where the Australian Government pays part of your fees and you pay the remainder through a student contribution payment. Eligibility conditions apply.

To be eligible for a CSP, you must meet the citizenship and eligibility requirements. Visit our Commonwealth supported places webpage for more information.

deakin.au/csp-fee-paying

Different courses have different fees which are subject to change each year. The Australian Government sets the student contribution amounts for CSPs based on which study discipline the unit relates to. You can find the study disciplines in the table below or by looking up the course you'd like to study on our website.

deakin.au/undergraduate-courses

HECS-HELP

HECS-HELP is an Australian Government loan that covers the student contribution of your tuition fees if you have a CSP and meet the eligibility requirements. You repay your loan through the tax system when you start earning an income over the HELP repayment threshold. Payment of the student contribution amount for your course fees can be deferred through HECS-HELP for eligible students. To view more information and check your eligibility, visit our HECS-HELP page online.

deakin.au/-hecs-help

Study-related costs

There may be a number of costs other than tuition fees that you need to factor in, such as living and transport costs as well as course-related expenses, including computer equipment, text books, and special equipment or clothing (if relevant to your course).

Scholarships

A Deakin scholarship is not simply a financial boost, but our chance to acknowledge and reward your accomplishments and hard work. Some scholarships are based on academic merit, community contribution, access and equity, regional and rural, indigenous Australian descent, extracurricular achievement, or perseverance and achievement despite hardship. Use our online search tool to explore all our scholarships and submit one application to be considered for scholarships that you are eligible for.

deakin.edu.au/scholarships

Financial assistance

If you're experiencing financial difficulties, you might be eligible for an interest-free student loan for study-related expenses. Other emergency support is available on a case-by-case basis.

deakin.edu.au/financial-assistance

International students

This guide is not intended for international students. If you're an international student, please view our international student resources at:

deakin.edu.au/international-student-fees

2025 Commonwealth supported place student contribution rates¹

STUDY DISCIPLINES	AMOUNT FOR 8 CREDIT POINTS
Law, Accounting, Administration, Economics, Commerce, Communications, Society and Culture	\$16,992
Education, Postgraduate Clinical Psychology, English, Mathematics or Statistics, Nursing, Indigenous and Foreign Languages, Agriculture	\$4,627
Allied Health, Other Health, Built Environment, Computing, Visual and Performing Arts, Professional Pathway Psychology or Professional Pathway Social Work, Engineering, Surveying, Environmental Studies or Science, Pathology	\$9,314
Medicine, Dentistry or Veterinary Science	\$13,241

For more information, visit deakin.au/commonwealth-supported-students.

1 This table indicates the indicative student contribution fee if you were to study 8 credit points in that discipline. Many courses have units across study disciplines which will impact the student contributions that you'll be charged. These rates apply in 2025 and are subject to change.
2 Fees outlined in the Fee Estimator tool are current 2025 course fees, and subject to change each year.

Estimate your course fees

Use our online Fees Estimator tool to calculate the current course fees for all Deakin courses.²

deakin.au/estimate-your-fees

Deakin courses

At Deakin, we offer progressive, industry-immersed learning to help you reach your career goals.

Courses are listed by study area, along with the course name, course code, brief overview, majors, careers and everything you need to know about getting into your dream course.

▶ Not sure where to start?

We've got everything in place to help you through the process. Our handy online checklist helps you prepare before you start.

deakin.au/getting-started

- 55 Science
- 58 Sport

Entry requirements overview

Recent secondary education students

- Current Year 12 students (2025)¹
- Year 12 graduates (2024 and 2023).¹

¹ Includes Victorian, interstate, International Baccalaureate (IB) and New Zealand school leavers.

To be considered for an undergraduate course, you need to meet Deakin's entry and course-specific requirements, as well as the English language minimum prerequisites.

Some elements, such as VCE study scores and extra requirements, are subject to change. Check the Deakin website for the most up-to-date information on the course you're applying for.

For both recent secondary education applicants and non-year 12 applicants, meeting the minimum entry requirements doesn't guarantee entry to a course, as there may be more applicants than places available.

Non-Year 12 applicants with:

- higher education study
 - Vocational Education and Training (VET) study
 - work and life experience
- Or
- completed Year 12 in 2022 or earlier.

Completion of one of the following:

- 2 credit points in an AQF Level 7 bachelor degree
- certificate IV or higher in a related discipline
- a diploma or higher in any discipline
- at least 50% completion of a diploma or higher in a related discipline
- relevant work and life experience.

If you don't meet the academic entry requirements, or haven't completed Year 12, or don't hold any relevant qualifications, the STAT (Skills for Tertiary Admissions Test) Multiple Choice (MC) may be an option for you to meet course entry requirements.

Enhance your employability with a double degree

A double degree allows you to study two degrees at the same time. This option reduces the cost and duration of your study, without increasing your workload. Enjoy studying a diverse mix of core units and acquire skills that will put you in demand across a variety of industries.

You will graduate with two certificates – one for each of the degrees you’ve completed – which will broaden your career options and attract potential employers.

deakin.edu.au/study/find-a-course/double-degrees

Key terms

ATAR and lowest selection rank

The Australian Tertiary Admission Rank (ATAR) is a number between 00.00 and 99.95 that indicates your rank relative to all students in your age group (i.e. students aged 16 to 20 years), not your Year 12 group. As per Australian Government guidelines, the ATAR published in this guide is the lowest ‘adjusted selection rank’ for which an offer was made in 2025 at the time of publication of this guide. The ‘selection rank and its corresponding ATAR’ is an applicant’s ATAR, plus any adjustments applied.

Deakin Guaranteed ATAR

The Deakin Guaranteed ATAR provides the opportunity for eligible Australian Year 12 students who are from an under-represented cohort to secure a place at Deakin with a lower ATAR.

Selection rank

The selection rank considers your ATAR or equivalent rank plus any adjustment factors you’re eligible for. Where an ATAR is ‘NP’, it means the ATAR was not published. deakin.edu.au/find-a-course-by-atar

Major

A group of six or eight related units in a particular study area or academic discipline.

Minor

A group of related units in an area of study or academic discipline. Minors are shorter than majors and are usually four units long.

Top 10 in Australia for architecture and built environment¹

Professionally accredited and internationally recognised

Access state-of-the-art facilities including Deakin's A+B studio and workshop

OVERVIEW

Bachelor of Construction Management (Honours)² S346

Develop an in-depth understanding of the business of construction, exploring everything from economics and law to technology. Deakin's Bachelor of Construction Management (Honours) equips you with market-ready skills in construction management, quantity surveying and property development. This course gets you career-ready by focusing on practical and project-based learning.

deakin.edu.au/course/S346³

CAREERS

You can pursue a career in a range of roles, such as:

- construction manager
- contract administrator
- estimator
- project manager
- quantity surveyor.

4⁴ T1, T2

CAMPUS	
ATAR	60.10
GUARANTEED ATAR ⁵	55.00

ENTRY REQUIREMENTS

- ⁶ VCE units 3 and 4 (English) – study score of at least 25 (EAL) or 20 (not EAL).
- ⁷ See page 13.

Bachelor of Design (Architecture)⁸ S342

Deakin's Bachelor of Design (Architecture) explores the creative possibilities of architectural design and its potential to make a positive impact on the built environment. Immerse yourself in cutting-edge content that will inspire creativity and gain experience with built environments through practical projects.

deakin.edu.au/course/S342³

You can pursue a career in a range of roles, such as:

- 3D architectural modeller
- architectural consultant or designer
- design coordinator.

- ⁶ VCE units 3 and 4 (English) – study score of at least 25 (EAL) or 20 (not EAL).
- ⁷ See page 13.

Bachelor of Design (Architecture)/ Master of Architecture D306

Develop creative architectural ideas and gain practical experience with the built environment. This five-year course provides a packaged education pathway for those interested in pursuing architectural professional registration. You will gain practical skills in a studio environment and develop your ability to communicate your design ideas.

deakin.edu.au/course/D306³

After successfully completing the Bachelor of Design (Architecture)/ Master of Architecture double degree, graduates will be required to complete an additional two years of work experience. This will be under the supervision of a registered architect, in order to present for registration with the Architects Registration Board of Victoria (ARBV).

Graduates can then pursue a career as a practising architect and work in a private architectural practice, government organisations, property development, or other building and design fields.

5 T1, T2

CAMPUS	
ATAR	82.70
GUARANTEED ATAR ⁵	78.00

ENTRY REQUIREMENTS

- ⁶ VCE units 3 and 4 (English) – study score of at least 25 (EAL) or 20 (not EAL).
- ⁷ See page 13.

To progress into the Master of Architecture level of studies from undergraduate architecture, students must achieve a Weighted Average Mark (WAM) of 65. Students achieving a WAM between 55 and 64 have the opportunity to submit a portfolio of relevant work and personal statement for consideration to potentially progress into the master level of studies. Students cannot progress to the postgraduate level of study without completing all 24 credit points at undergraduate level. A WAM of less than 55 results in an alternative exit from D306 Bachelor of Design (Architecture)/Master of Architecture with the award: S342 Bachelor of Design (Architecture).

RELATED POSTGRADUATE QUALIFICATION

Master of Architecture S700

Expand your knowledge in architecture, design and innovative strategies. You will develop sought-after skills through the exploration of architectural studies, environmental resiliency, sustainable design, technological advancement, and social and theoretical issues. You will have access to our impressive A+B studio, an inspiring open plan space where you can work collaboratively to develop your projects.

deakin.edu.au/course/S700³

You can pursue a career in a range of fields and work settings, such as:

- private architectural practices
- government organisations
- property development.

Graduates who wish to pursue a career as a practising architect will be required to complete an additional two years of work experience under the supervision of a registered architect. This is a prerequisite for registration with the Architects Registration Board of Victoria (ARBV) and Architects Accreditation Council of Australia (AACA).

🕒 2¹¹ 📅 T1, T2

CAMPUS	WF
--------	--

ENTRY REQUIREMENTS

Bachelor degree or higher in architecture with a WAM (or equivalent average grade indicator) of 65 or higher OR bachelor degree or higher in architecture with a WAM (or equivalent average grade indicator) between 55 and 64, AND portfolio of relevant work and personal statement.

- 1 QS World University Rankings by Subject 2024.
- 2 Deakin's bachelor level construction management degrees are professionally accredited by the Australian Institute of Quantity Surveyors (AIQS), the Royal Institution of Chartered Surveyors (RICS) the Australian Institute of Building (AIB), and the Chartered Institute of Building (CIOB).
- 3 Visit our course webpage for full details, including pre-course and entry requirements, unit selection options, campus and trimester availability, and more.
- 4 Completion of this course can be fast-tracked by undertaking units in Trimester 3, effectively reducing the duration of study by up to one year.
- 5 2026 DGAs are indicative at time of publishing. Visit individual course webpages for updated DGAs.
- 6 Recent secondary education applicants include current Year 12 students in 2025, as well as Year 12 graduates from 2024 and 2023.
- 7 For an explanation of non-Year 12 applicant categories, see page 13, or visit the course webpage for full details including admission requirements.
- 8 Leads to professional recognition as an architect when followed by successful completion of an approved Master of Architecture program and an additional two years of work experience under the supervision of a registered architect in order to present for registration with the Architects Registration Board of Victoria.
- 9 Both single degree courses are professionally accredited by multiple professional bodies including the: Royal Institution of Chartered Surveyors (RICS); Chartered Institute of Building (CIOB); Australian Institute of Quantity Surveyors (AIQS); and Australian Property Institution (API) for Certified Practising Valuer (CPV) status.
- 10 The construction management stream of this double degree is professionally accredited by industry. Graduates qualify for membership of: the Australian Institute of Quantity Surveyors (AIQS); Chartered Institute of Building (CIOB); and Royal Institution of Chartered Surveyors (RICS).
- 11 The duration of this program can be reduced based on your previous qualifications and professional experience. This means you could fast track the masters degree from 2 years down to 1.5 years duration.

Bachelor of International Studies (Global Scholar) A306

Develop intercultural competencies and an established global perspective by studying Deakin's Bachelor of International Studies (Global Scholar). Designed for high achieving students, this course will help you understand the forces shaping government, business and society in Australia and across the world. You'll develop a professional portfolio of international experiences to build a global career from the very start of your studies.

deakin.edu.au/course/A306⁴

MAJORS⁹

See Bachelor of International Studies (above).

Bachelor of Politics, Philosophy and Economics A336

Study Deakin's Bachelor of Politics, Philosophy and Economics and learn how power, ethics, sustainability and economics converge to shape our lives. Built by leading academics and researchers, this course is designed for deep and creative thinkers looking to make an impact on society.

deakin.edu.au/course/A336⁴

Associate Degree of Arts A250

University can be a challenge, which is why we've designed a course that offers you a supported learning environment and guaranteed pathway into Deakin's Bachelor of Arts, Bachelor of Criminology or Bachelor of International Studies. The Associate Degree of Arts teaches you the skills you need to be successful at university, including communication, digital literacy, critical thinking and teamwork skills. From day one, you will be a part of the Deakin community and campus atmosphere. From your first trimester, you will also complete units from your target degree (depending on which stream you choose) to ensure you are ready to transition into your bachelor degree.

deakin.edu.au/course/A250⁴

CAREERS

You can pursue a career in a range of fields and work settings, such as:

- businesses with an international orientation
- communications
- defence
- diplomacy
- education
- finance
- immigration
- non-government organisations with regional and global links
- trade and aid.

You can pursue a range of roles, including:

- foreign correspondent
- foreign exchange analyst
- human rights advocate
- immigration agent
- international aid officer
- international management consultant
- international trade law consultant
- law reform officer
- political journalist
- trade agreements negotiator
- trade delegate.

You can pursue a range of roles, including:

- community leader
- engagement officer
- government administrator
- manager
- media adviser
- policy officer
- political adviser
- project coordinator
- research assistant.

After graduating, continue studying or use this degree as a standalone qualification. You'll have guaranteed entry into our Bachelor of Arts, Bachelor of Criminology or Bachelor of International Studies, depending on which stream you choose, and you'll also receive credit that could put you straight into your second year. You can also apply to transition into other bachelor degrees, including communication, design, psychology, health science, nursing, commerce, management or science.

OVERVIEW

Diploma of Arabic A221

Whether you are brushing up on your skills or starting from scratch with a whole new language, Deakin's Diploma of Arabic is designed to sharpen your language skills and deepen your cultural understanding. By studying Arabic alongside your degree, you will gain linguistic skills, as well as the essential cultural, historical and social perspectives that will give you a leading edge in a range of exciting careers. In completing the Diploma, the Arabic program offers a fully funded competitive immersion program at Kuwait University.

deakin.edu.au/course/A221⁴

Diploma of Chinese A222

Mandarin Chinese is the most widely spoken native language globally. By learning to speak Mandarin, you can communicate with millions of Chinese speaking people around the world. Deakin's Diploma of Chinese will equip you with essential linguistic skills, along with cultural, historical and social perspectives, giving you a competitive edge in a range of exciting careers. You will develop the ability to communicate effectively and appropriately in Chinese through learning activities across a range of topics about contemporary China, as well as fundamental training in Chinese vocabulary and grammar. You're also encouraged to select complementary units related to China and Asia in international relations, Australian studies, history and culture studies.

deakin.edu.au/course/A222⁴

Diploma of Indonesian A223

As Australia's closest Asian neighbour, Indonesia-related expertise offers a range of opportunities for graduates, both in Australia and internationally. Deakin's Diploma of Indonesian will help develop your language skills and deepen your cultural understanding of Indonesia. Enhanced sociolinguistic awareness will provide opportunities to appreciate intercultural dynamics more broadly.

deakin.edu.au/course/A223⁴

Diploma of Spanish A224

Deakin's Diploma of Spanish will help you gain global perspectives and boost your employability. You'll develop fluency in Spanish by developing skills through guided activities that target listening, speaking, reading and writing competencies. Completing six language-acquisition units will ensure you gain a high level of proficiency in Spanish. Through two thematic units, you'll develop a nuanced understanding of the cultural, historical, sociolinguistic and political dimensions of the societies and cultures that make up the Spanish speaking world.

There is a two-step admissions process. To be eligible for the undergraduate component students must meet the minimum entry requirements for the Bachelor of Arts (A310). To proceed to the Master of Teaching (Secondary) students must earn a Weighted Average Mark (WAM) of 60 during their undergraduate studies and successfully complete the Casper test. Additional requirements may apply.

1 Deloitte Access Economics study, The Value of the Humanities, 2018.
 2 Graduate Outcomes Survey 2023, Quality Indicators for Learning and Teaching (QILT), based on overall employment for domestic undergraduates, 4–6 months after course completion, equal overall employment rate with Monash University.
 3 Graduate Outcomes Survey 2023, Median graduate income five years out, humanities, culture and social sciences.
 4 Visit our course webpage for full details, including pre-course and entry requirements, unit selection options, campus and trimester availability, and more.
 5 This course is also available at the National Indigenous Knowledges, Education, Research and Innovation (NIKERI) Institute. Find out more at deakin.edu.au/nikeri.
 6 2026 DGAs are indicative at time of publishing. Visit individual course webpages for updated DGAs.
 7 Recent secondary education applicants include current Year 12 students in 2025, as well as Year 12 graduates from 2024 and 2023.
 8 For an explanation of non-Year 12 applicant categories, see page 13, or visit the course webpage for full details including admission requirements.
 9 Majors are not available at all campuses. Visit deakin.edu.au/courses for full details of campus availability.

10 Minor only (Geelong Wairn Ponds Campus).
 11 All majors are also available as minors. Visit deakin.edu.au/courses for full details of campus availability.
 12 UX means 'user experience'.
 13 Trimester 2 intake is available only for students with no prior language study.
 14 Delivery of this course is across multiple campuses; see course webpage for further details.
 15 Trimester 3 intake is only available at the Melbourne Burwood Campus.
 16 Trimester 3 intake is only available at the Melbourne Burwood Campus or online.
 17 As at November 2024.
 18 Students must have completed 24 credit points of study successfully and achieved a Weighted Average Mark (WAM) of 60 to continue through to the Master of International Relations. Students not having fulfilled this requirement are eligible to graduate with the Bachelor of Arts as an alternative exit.
 19 Students applying to all initial teacher education courses are required to sit the Casper test, a non-academic assessment. Find out more at deakin.edu.au/casper.
 20 Course offering subject to change. Please visit the Education and Teaching study area webpage for more information deakin.edu.au/education-teaching.

DOUBLE DEGREE

Bachelor of Commerce/Bachelor of Communication D360

Deakin's Bachelor of Commerce/Bachelor of Communication empowers you to be part of the next generation of 'big idea' thinkers. In this complementary double degree, you will learn to think critically while you gain a strong foundation in commerce. Choose from eight commerce majors and graduate with a globally recognised degree. You will also develop an understanding of complex audiences and media effectiveness through your communication degree.

deakin.edu.au/course/D360⁴

ASSOCIATE DEGREE

Associate Degree of Arts A250

University can be a challenge, which is why we've designed a course that offers you a supported learning environment and a guaranteed pathway into Deakin's Bachelor of Arts, Bachelor of Criminology or Bachelor of International Studies. The Associate Degree of Arts teaches you the skills you need to be successful at university, including communication, digital literacy, critical thinking and teamwork skills. From day one, you will be a part of the Deakin community and campus atmosphere. From your first trimester, you will also complete units from your target degree (depending on which stream you choose) to ensure you are ready to transition into your bachelor degree.

deakin.edu.au/course/A250⁴

CAREERS

You can pursue a range of roles, including: 🕒 3 📅 T1, T2

- AR and VR (mixed reality) designer
- art director
- brand or communication designer
- creative director
- digital artist or designer
- game designer
- graphic designer
- motion graphics designer
- UI designer or UX designer
- web designer.

CAMPUS	B	WP	📍

The only university in Australia to offer a three-year Bachelor of Education (Primary)¹

#11 in the world and #2 in Australia for education and educational research²

Join one of Australia's largest growing industries³

OVERVIEW

Associate Degree of Education E200

Begin your journey to becoming a teacher by studying an Associate Degree of Education at Deakin. You'll complete core units from the Bachelor of Education (Primary) and develop the foundational skills required to succeed at university.

If you've never studied at university, if you're not sure if you meet the entry requirements or if you're looking to forge a path in education, this degree makes your pathway into an initial teacher education degree easy. It is designed to introduce you to what it's like to study at Deakin and set you on the path to becoming a teacher.

deakin.edu.au/course/E200⁴

Bachelor of Early Childhood Education⁵ E333

If you're inspired to teach young children, Deakin's Bachelor of Early Childhood Education prepares you to become a kindergarten/preschool teacher. You'll become a specialist in play-based learning and gain knowledge in early childhood education curriculum, theories and practice. You'll learn to teach across a wide range of subjects from mathematics to science, creative arts to literacy. You'll also become an expert in child development, health and wellbeing. Deakin's Professional Experience Program provides extensive opportunity to put what you've been learning into practice.

Accelerated and employment-based pathways are available for educators with a Diploma of Early Childhood Education and Care (or equivalent).

deakin.edu.au/course/E333⁴

Bachelor of Education (Primary)^{5,10} E359

Build a solid foundation in primary curriculum and discover what it takes to teach and lead young people. Deakin's accredited Bachelor of Education (Primary) equips you with the essential knowledge and skills required to guide children through their primary learning years. You'll learn how to teach a wide range of subjects and specialisations, including mathematics, science, the arts and literacy. Through our Professional Experience Program, you'll be able to put what you've been learning into practice.

Fast-track your career with our accelerated learning option. Achieve a four-year equivalent qualification in only three years of full-time study if you undertake selected units in Trimester 3.

deakin.edu.au/course/E359⁴

Bachelor of Health and Physical Education^{5,10} E377

Develop the skills and knowledge required to become a qualified secondary health and physical education teacher. Discover how to create safe, inclusive and engaging learning environments that set students up for lifelong health and physical activity. Explore areas including applied sports science, biomechanics, and motor learning and development.

deakin.edu.au/course/E377⁴

OVERVIEW

DOUBLE DEGREES

Bachelor of Arts/Master of Teaching (Secondary)^{5,10} D303

The Bachelor of Arts/Master of Teaching (Secondary) allows you to combine your passion for the arts with your desire to inspire the generations of tomorrow. Our school-based learning programs and professional learning placements ensure you're ready to teach today and into the future. Fast-track your studies and graduate with two versatile degrees in just four years.

deakin.edu.au/course/D303⁴

MAJORS AND TEACHING METHODS

Alongside core education studies, you will complete two majors to support your learning towards your teaching methods in the Master of Teaching. Choose from:

- one of Anthropology, Indigenous Studies, International Relations, Middle East Studies, Philosophy, Politics and Policy Studies or Sociology
- one of English – Children's literature or English – Literature
- one of Arabic, Chinese, Indonesian or Spanish
- History
- Media studies
- Performing arts
- Visual arts and photography.

You will also choose four electives selected from another Arts major discipline listed above.

You can pursue a career in a range of fields and work settings, such as:

- community services
- government agencies
- not-for-profit organisations
- teaching.

Over 15% job growth for nutrition professionals¹

Benefit from world-class facilities modelled on commercial facilities

Gain extensive practical experience through placement opportunities

OVERVIEW

Bachelor of Nutrition Science H315

More than 7% of total burden of disease in Australia is due to poor diet.² Study Deakin's Bachelor of Nutrition Science and help tackle the challenges facing our society. Learn about disease prevention, lifespan nutrition, obesity, the spread of misinformation, and the social and physiological effects of food on our wellbeing. Modelled on commercial laboratories, our food preparation, food analysis and two sensory laboratories give you hands-on experiences that prepare you for the workplace.

deakin.edu.au/course/H315³

Bachelor of Nutrition Science (Dietetics Pathway) H318

Deakin's Bachelor of Nutrition Science (Dietetics Pathway) offers guaranteed entry into our Master of Dietetics if you achieve a weighted average mark of 75 or more. This course develops your understanding of human nutrition and its impact on health. Learn how to tackle challenges facing our society, such as disease prevention, obesity, the spread of misinformation, and the social and physiological effects of food on our wellbeing.

deakin.edu.au/course/H318³

Bachelor of Health Sciences H300

A rewarding career in health gives you the chance to help individuals and communities to lead fuller, healthier and happier lives. As a Bachelor of Health Sciences graduate, you can be confident you will have a solid grounding in a range of health-related fields. With over half a million new jobs in Health Care and Social Assistance projected in the next ten years⁷, you will graduate with the in-demand skills needed to join this booming sector.

deakin.edu.au/course/H300³

MAJORS⁸

This course offers relevant majors in food studies or nutrition. See Bachelor of Health Sciences, page 40.

Bachelor of Science S320

Deakin's Bachelor of Science prepares you for the world of scientific discovery, allowing you to forge your own unique path with a wide range of disciplines. The course is about more than just laboratory work – it equips you for the diverse, real-life settings in which today's science graduates work. With this industry-led degree, you can follow your curiosity into any field of science that inspires you.

deakin.edu.au/course/S320³

MAJORS⁸

This course offers a range of majors including one in food science. See Bachelor of Science, page 55.

CAREERS

You can pursue a career in a range of fields and work settings, such as:

- assessing and evaluating food intake
- consumer behaviour
- education and research
- food analysis, policy, or sustainability
- food manufacturing
- food quality and safety
- individual and population health
- nutrition for disease prevention
- nutrition throughout the lifespan
- product development
- sensory analysis.

OVERVIEW

DOUBLE DEGREES

Bachelor of Exercise and Sport Science/Bachelor of Nutrition Science D333

Deakin's Bachelor of Exercise and Sport Science/Bachelor of Nutrition Science double degree allows you to combine your passion for exercise and sport with your passion for food and nutrition. Offered by the #1 sport science school in the world⁹, your field-leading education at Deakin will allow you to improve the performance, health and participation of individuals and teams. The nutrition science component will teach you about the nature of food and the importance of nutrition for individual and population health.

deakin.edu.au/course/D333³

Bachelor of Nutrition Science/Bachelor of Commerce D301

Build your foundational knowledge in nutrition science and learn how nutrition affects population health, disease and ageing. Gain a deep understanding of the commercial forces that guide Australia's \$130 billion food industry.¹² With Deakin's Bachelor of Nutrition Science/Bachelor of Commerce, you will graduate with highly transferable skills that allow you to work in either field, or where nutrition and business connect.

deakin.edu.au/course/D301³

MAJORS⁸

See Bachelor of Commerce, page 26.

RELATED POSTGRADUATE QUALIFICATION

Master of Dietetics H718

The Master of Dietetics prepares you to solve widespread health issues through science-based, diet-related treatments. Take a big step towards becoming an Accredited Practising Dietitian. Build the advanced skills that will allow you to improve the health and wellbeing of the individuals and communities you work with. If you're passionate about improving the wellbeing of the people around you through diet, the Master of Dietetics allows you to cut through misinformation and unlock solutions that are shaped by evidence.

Deakin's Master of Dietetics currently has full accreditation from Dietitians Australia. Students graduating from accredited courses are eligible to apply for full membership of Dietitians Australia and the Accredited Practising Dietitian (APD) program and to work in all areas of dietetics.

deakin.edu.au/course/H718³

CAREERS

You can pursue a career in a range of fields and work settings, such as:

- community health and wellness, rehabilitation, and sport science
- community nutrition
- consumer education and awareness
- corporate health, local and community sporting clubs
- fitness and aquatic centres
- food policy and regulation
- government agencies
- private health and recreation centres and clinics
- professional sporting bodies and clubs
- public health nutrition
- sport, exercise, coaching, and fitness.

This double degree will give you a competitive edge when it comes to employment. Not only will you understand how nutrition affects our population, but you'll also acquire the business skills you need in order to critically analyse its relationship to commerce.

Find yourself in roles including:

- brand/product management
- consumer education/research
- food policy/regulation
- marketing and media
- quality assurance.

As an Accredited Practising Dietitian, you can pursue a career in a range of fields and work settings, such as:

- clinical (hospital) dietetics
- communications or media
- dietetic education and research
- food service
- health promotion
- marketing
- policy development
- public health
- public relations
- sports nutrition.

OVERVIEW

Bachelor of Artificial Intelligence S308

Deakin's Bachelor of Artificial Intelligence equips you with the knowledge and skills you need to design, develop and evolve computational solutions that harness artificial intelligence (AI). Get hands-on experience developing AI-driven software solutions with the support of field-leading academics. Our world-class research in AI feeds directly into our classrooms, ensuring what you learn is at the cutting edge of industry expectations and capabilities.

Bachelor of Artificial Intelligence (Honours) S408

Artificial Intelligence (AI) is driving digital disruption. This specialised four-year course prepares you with the knowledge and skills required to design, develop and evolve computational solutions that harness the latest advances in AI. You will study up-to-the-minute trends, insights and emerging topics to ensure you graduate with a highly relevant, in-demand skill set. You will explore different AI tools as you deep dive into advanced topics in machine learning, language and speech processing, and robotics.

deakin.edu.au/course/S408³

MINORS⁴
In addition to the minors offered in the Bachelor of Artificial Intelligence (above), students studying at honours level will also have the opportunity to undertake minors in cyber security analytics and information technology research.

You can pursue a career in a range of roles, such as:

- AI architect
- AI ethicist
- AI technology engineer
- data analyst
- data engineer/scientist.

You can pursue a career in a range of roles, such as:

- AI architect
- AI ethicist
- AI technology engineer
- data analyst
- data engineer/scientist
- PhD student.

You can pursue a career in a range of roles, such as:

- artificial intelligence specialist
- big data engineer
- business analytics translator
- business analyst
- business intelligence specialist
- computer system analyst
- digital transformation consultant
- information analyst, manager or officer
- market analyst
- predictive modeller
- social media analyst.

You can pursue a career in a range of roles and work settings, such as:

- artificial intelligence and machine learning
- cognitive computing and intelligent systems
- emerging technologies
- innovation lead
- robotics and autonomous systems
- robotics application development
- solutions architect
- technology consultant
- technology innovation.

Bachelor of Business Analytics M340

Launch a career in the booming world of business insights with Deakin's Bachelor of Business Analytics. You'll gain hands-on experience and become a confident business analytics translator who can unlock innovative solutions for businesses. In Victoria's longest-running specialised business analytics course, you'll learn how to interpret data and information so that you can solve complex organisational problems.

deakin.edu.au/course/M340³

Bachelor of Computer Science S306

This course equips you with the knowledge and practical skills you'll need to design innovative software solutions for businesses, industries and communities. Learn what it takes to create and integrate complex new computing technologies while exploring existing and emerging challenges. You will cover areas such as data analytics, machine learning, robotics, intelligent and autonomous systems, and telecommunications.

OVERVIEW

Bachelor of Computer Science (Honours) **S406**

Computer scientists are problem solvers and innovators. Throughout this specialised four-year course, you will develop the knowledge and practical skills required to design innovative software solutions. You'll have the opportunity to undertake a professional placement or work in teams with an industry partner to tackle authentic business challenges. Focus your studies in an area of your choosing, and culminate your knowledge through completing an honours research project.

deakin.edu.au/course/S406³

MAJORS AND MINORS⁴

In addition to the majors and minors offered in the Bachelor of Computer Science (see page 43), students studying at honours level will also have the opportunity to undertake a minor in information technology research.

CAREERS

You can pursue a career in a range of fields and work settings, such as:

- software development
- software engineering
- systems architecture
- information security
- robotics application development
- telecommunications.

Work on real cases at
Deakin Law Clinic

Designed and taught by
practising lawyers and
academics

Ranked in the
top 3 law schools
in Victoria¹

OVERVIEW

Bachelor of Laws M312

Designed and taught by academics and practising lawyers, Deakin's accredited Bachelor of Laws combines sound legal training with real-world experience. You'll develop key skills in communication, problem solving and analytical thinking. You'll also gain the experience employers are seeking through our substantial work-integrated learning opportunities.

deakin.edu.au/course/M312²

DOUBLE DEGREES

Bachelor of Arts/Bachelor of Laws D312

Graduating with two versatile degrees sets you up for many possibilities in both legal and non-legal roles. Combine an industry-leading legal education with thought-provoking investigative learning when you study Deakin's Bachelor of Arts/Bachelor of Laws. Study everything from torts to commercial law at Deakin Law School, while exploring a complementary specialisation – such as criminology, sociology, politics and policy studies, and media studies – through your arts degree.

deakin.edu.au/course/D312²

MAJORS⁸

See Bachelor of Arts, page 18.

Bachelor of Commerce/Bachelor of Laws D322

Combine a leading law degree with the commercial skills that organisations are seeking. Your broad knowledge of both commercial and legal concepts, as well as robust training, practical experience and industry placements, will give you a competitive edge in all areas of commercial law.

deakin.edu.au/course/D322²

MAJORS⁸

See Bachelor of Commerce, page 26.

Bachelor of Criminology/Bachelor of Laws D335

Gain a broad understanding of all major areas of the law while exploring the drivers behind criminal behaviour. As a graduate of Deakin's Bachelor of Criminology/Bachelor of Laws, you'll earn two in-demand degrees and the dual expertise to see crime and law from a unique perspective.

deakin.edu.au/course/D335²

Bachelor of Laws/Bachelor of Cyber Security D397

Protect society from the growing threat of cybercrime with Deakin's Bachelor of Laws/Bachelor of Cyber Security. Become ready to explore roles from either field or use your dual expertise to become an in-demand cyber security lawyer, capable of handling the complex issues of our evolving digital world.

deakin.edu.au/course/D397²

CAREERS

You can pursue a career in a range of roles, such as:

- business manager
- company administrator
- corporate lawyer consultant
- education
- lawyer
- media
- politics
- policy adviser
- public administrator.

Top 250 for clinical and health subjects¹

Unique focus on rural and regional medicine

Learn from leading professionals in healthcare

OVERVIEW

Doctor of Medicine H911

Apply to the Doctor of Medicine and set yourself up for a range of rewarding careers, from general practice to pathology, paediatrics to surgery. The course has a unique focus on rural and regional medicine, Indigenous health and patient-centred communication skills.

Not only do our students develop the foundational skills essential to a career in medicine, but they are also given the opportunity to explore multiple specialist areas. Our Doctor of Medicine has an emphasis on rural and regional medicine and aims to satisfy the critical shortage of doctors in regional areas, which makes graduates highly employable.

Start your journey with foundations of medicine, encompassing medical sciences, clinical capabilities, public health, medical ethics and law, and Indigenous health.

You'll learn to solve the kinds of problems you'll face in your future career in a supportive environment. You'll also develop your confidence in foundational clinical skills, clinical reasoning and the high-level human capabilities necessary for excellent person-centred care.

In third and fourth year, you'll be immersed in the clinical environment at clinical schools in Ballarat, Geelong, Melbourne, Warrnambool and/or the Rural Community Clinical School, where you'll complete programs that span from general medicine and surgery to specialised programs. deakin.edu.au/med-clinical-schools

You will also spend time in third year following patients as they transition between hospital and community care, gaining a broader appreciation of the healthcare system and the patients' healthcare journeys.

Across third and fourth year, you'll complete the Research Scholar Program, gaining foundational skills in analysing evidence and designing research programs that are important for future careers in medicine.

You will be provided extensive opportunities for feedback on your progress, with a program of assessment and self-evaluation that occurs in the clinical workplace.

There is also the opportunity to complete a rotation of your third-year studies in the Northern Territory, to gain a greater understanding of rural and remote medicine and Indigenous health.

The course concludes in year four with a pre-internship hospital rotation in which you'll experience the day-to-day life of an intern.

deakin.edu.au/course/H911²

Damion Drapac Scholarship

The Damion Drapac Scholarship for Vocational Doctors is open to students commencing the Doctor of Medicine who are:

- from medically underserved populations
- experiencing financial limitations
- and can demonstrate a genuine passion for community medicine.

This scholarship offers cash payments of up to \$15,000 per year for four years, with a total maximum value of \$60,000.

CAREERS

Doctor of Medicine graduates are highly sought-after for internship positions in Australia and abroad. Deakin's MD program allows you to develop a deep understanding of the challenges and nuances of rural medicine, putting you in a strong position to address the shortfall of doctors in regional areas.

In order to qualify as Registered Medical Practitioners with the Medical Board of Australia, our graduates are currently undertaking accredited internships at a number of prominent Victorian and interstate hospitals.

Domestic graduates are guaranteed an Internship position in Victoria. After successfully completing an intern year, graduates can apply for entry to specialty training programs that lead to a broad range of medical careers, including in General Practice or the emerging Rural Generalist program.

CAMPUS

WP 📺⁴

ENTRY REQUIREMENTS

Admission to the Doctor of Medicine is determined by a combination of grade point average (GPA) in an approved undergraduate or postgraduate degree, Graduate Australian Medical School Admissions Test (GAMSAT) score, eligible adjustments (bonuses) and interview performance.

Domestic general stream applicants apply through GEMSAS and are selected for Multiple Mini Interview (MMI) on the basis of the following factors:

- a final GPA (weighted) of 5.0 or greater in an approved bachelor's, honours, graduate certificate, graduate diploma or masters by coursework.⁵ The GPA is calculated on the most recent three full-time-equivalent years (FTE) of study
- performance in the GAMSAT⁷
- a minimum score of 50 in each of the three sections of the Graduate Australian Medical Schools Admission Test (GAMSAT), and an overall score of 50 or greater
- applicable adjustments based on information provided in the GEMSAS application form.⁸

A minimum overall score of 50% at multi-mini interview (MMI), a series of five-minute interviews at 10 stations, using standardised questions and scoring procedures that are designed to assess applicant attributes.

Full entry requirement details can be found at deakin.edu.au/course/H911.

INDIGENOUS ENTRY STREAM

Up to seven Commonwealth Supported Places in our Doctor of Medicine are held for Indigenous applicants applying through the Indigenous Entry Stream (IES). The GAMSAT is not required for applicants of this entry stream. Please see specific entry requirements via deakin.edu.au/ies

RURAL TRAINING STREAM

Deakin's Rural Training Stream (RTS) aims to improve access for rural students who want to study medicine. Eligibility for the stream is based on evidence of Australian rural background, with priority given to applicants from Deakin's own rural footprint, around 30 places are allocated to the stream. Please see specific entry requirements via deakin.edu.au/rts

1 2024 Times Higher Education World University Rankings by Subject.
 2 Visit our course webpage for full details, including pre-course and entry requirements, unit selection options, campus and semester availability, and more.
 3 The Doctor of Medicine is a semester-based course. Semester 1 runs from February to June; Semester 2 runs from July to November.
 4 Please note that online delivery is only available to students in the Rural Training Stream, with compulsory face-to-face learning in years one and two at either the Warrnambool Campus or the East Grampians Health Service in Ararat.
 5 As a minimum requirement, applicants must hold a completed bachelor degree (with a minimum weighted GPA of 5.0) or be in the final year of a bachelor degree (scheduled for completion by 31 December in the year of application) to be considered for selection.

6 Degree must have been awarded within 10 years of the projected commencement date of the Doctor of Medicine. Applicants whose degree was completed outside this 10 year period may be considered if they have completed the equivalent of one half year of approved tertiary study (0.5 FTE) at Australian Qualifications Framework level 8 or higher at an institution recognised by the Australian Qualifications Framework (or equivalent overseas institution determined by Deakin) and completed by 31 July in the year of application. It must also be completed within the 10 years of commencement date of the course.
 7 GAMSAT or MCAT score must be obtained within four years preceding the year of application.
 8 There is no cap on the number of additional points that can be awarded to eligible applicants.

Ranked #15 in the world for nursing¹

Over 93% of students employed soon after graduating²

Accredited by the Australian Nursing and Midwifery Accreditation Council

OVERVIEW

Bachelor of Nursing H326

Deakin's Bachelor of Nursing gives you the knowledge, skills and ethical understanding you need to become a successful registered nurse. Top 12 in Australia for life sciences and medicine¹

Gain industry experience through work placement opportunities

Study Australia's only professionally accredited forensic science degree²

OVERVIEW

Bachelor of Biomedical Science S323

Develop a comprehensive understanding of human biology through the Bachelor of Biomedical Science. Emerge with the expertise and practical skills to contribute to disease diagnosis and treatment across molecular, cellular and systems levels. You will become proficient in biological sciences and disease mechanisms, empowering you to enact meaningful change.

deakin.edu.au/course/S323³

Bachelor of Health and Physical Education^{13,14} E377

When you study a Bachelor of Health and Physical Education at Deakin, you’ll learn to create safe, inclusive and engaging learning environments that make a difference to students’ health and wellbeing. As a qualified health and physical education secondary school teacher, you will specialise in a topic you’re passionate about and develop the critical skills, specialised knowledge and practical classroom experience to nurture your students. Explore the art of movement, learn specialist teaching methods and delve into applied sports science, biomechanics, and motor learning and development. Join Australia’s #2 university for education and educational research.¹⁵

deakin.edu.au/course/E377⁴

Bachelor of Health Sciences H300

A rewarding career in health gives you the chance to help individuals and communities to lead fuller, healthier and happier lives. As a Bachelor of Health Sciences graduate, you can be confident you will have a solid grounding in a range of health-related fields. You will graduate prepared for a successful career in the largest and fastest growing employment sector in Australia. Employment in health care and social assistance is projected to grow by over half a million jobs in the next ten years.¹⁶

deakin.edu.au/course/H300⁴

MAJORS⁹

This course offers related majors in exercise science and physical activity and health. See Bachelor of Health Sciences, page 40.

Bachelor of Sport Development M320

Think beyond the field with Deakin’s Bachelor of Sport Development. Learn how to drive positive change through sport with our world-class facilities, academics and industry connections. Choose eight electives and design a degree that matches your focus. This ever-expanding field now sees graduates working across strategy, governance, policy and risk management.

deakin.edu.au/course/M320⁴

CAREERS

Your career outcomes will reflect those of graduates from the Bachelor of Exercise and Sport Science but with an advantage.

The original research you will undertake in your embedded honours year offers you a unique opportunity to tailor your degree towards your desired industry specialisation, in turn increasing your employment opportunities.

- 16 2024 Employment Projections – for the ten years to 2034, Jobs and Skills Australia.

Glossary

Adjustments

Adjustments applied via educational access schemes don't change the ATAR, they change an applicant's selection rank for a course that the applicant has listed as a preference. This results in the applicant moving up the course selection list. It also means that an applicant's selection rank can be different for each course listed in their course preference list.

If the applicant is allocated sufficient adjustments, the applicant might receive an offer for a course even though their ATAR is below the published lowest selection rank. delta.vtac.edu.au/coursesearchtools/bonuscalc.htm

Associate degree

An associate degree provides flexible pathways into tertiary education and can be used as a guaranteed pathway into a range of targeted degrees at Deakin. Completion of an associate degree may give you up to 18 months' credit towards one of these target degrees. deakin.edu.au/associate-degrees

Australian Tertiary Admission Rank (ATAR)

The ATAR is a rank from 0 to 99.95. It indicates a student's performance in relation to other students.

The ATAR is calculated by using an aggregate produced by adding:

- scaled study score in English, English Language, Literature, or English as an Additional Language (EAL)
- the best three VTAC scaled study scores, and
- 10% of the fifth and sixth study scores that are available.

Bachelor degree

Usually three or more years of full-time study or equivalent part time. In some courses, you may choose one or more majors in specialised areas. It is the minimum tertiary requirement for many professional careers.

Commonwealth Supported Place (CSP)

A university place for which the Australian Government pays part of your tuition fees.

Credit point

For each subject you successfully complete, you will receive the credit point value of that subject towards your studies. You must complete a specified number of credit points to obtain your degree. The number of credit points required varies for each course and is outlined online. deakin.edu.au/courses

DeakinSync

DeakinSync is your personalised digital study hub, where you access your unit sites, email, calendar, enrolment details, study tools and more.

Defer

The approved postponement of study for a specified period prior to enrolment in a course. Most Deakin courses allow you to defer your studies for up to two years. deakin.edu.au/defer

Direct entry

When applications can be made directly to a higher education provider rather than through a tertiary admissions centre, like VTAC.

Double degree

A double degree, sometimes referred to as a combined degree, allows you to study two degrees at the same time e.g. Bachelor of Arts/ Bachelor of Laws. This means you graduate with two degrees in less time than it would take to complete them separately.

Entry requirements

These are requirements that you must meet, in addition to minimum tertiary entrance requirements, to qualify for entry to a course. Information about entry requirements is best accessed via individual course webpages and on the VTAC website (vtac.edu.au).

Equity and Inclusion Division

The Equity and inclusion Division is always working towards creating an environment of inclusion where we value and celebrate diversity, embrace difference and nurture a connected, safe and respectful community. We want everyone to feel a sense of belonging at Deakin.

Graduate entry

A course that requires prior completion of an undergraduate degree for entry. Deakin's Doctor of Medicine is a graduate-entry course.

Higher Education Contribution Scheme-Higher Education Loan Program (HECS-HELP)

HECS-HELP is a government loan scheme to assist eligible CSP students with their tuition fees (student contributions). Repayments are made through the Australian taxation system once your annual income exceeds the minimum threshold for repayment.

Honours

Honours is an additional year of specialised study, usually taken after you complete a bachelor degree, or embedded as part of a bachelor degree. Honours may provide you with a competitive edge in the job market or a pathway into a higher degree by research.

Indigenous Access Scheme

The Indigenous Access Scheme is a pathway to undergraduate study that recognises the achievements of Aboriginal and Torres Strait Islander students. By looking beyond your ATAR and academic results to consider all the skills, experience and community work that make you unique and prepare you for study, we may reward your hard work with a place at university. deakin.edu.au/ias

Level

The year level at which units in your course are studied. Level 1 is equivalent to your first year of full-time study, level 2 is equivalent to your second year of full-time study, and so on. You can usually tell what level a unit is by looking at the first number in a unit's code.

Lowest selection rank

The minimum ATAR including adjustments that must be achieved to be considered for admission to a course.

Major

An approved group of at least six (and up to 10) credit points of related units, normally taken in sequence at each level of a course.

Minor

A minor is a group of related units in an area of study or academic discipline. Minors are shorter than majors and are usually four units long.

Glossary

Non-Year 12 applicant

There are three categories under which non-Year 12 applicants may apply to Deakin.

- Higher education study – applicants whose highest level of study enrolment since leaving secondary education is a higher education course, whether at a university or non-university provider.
- Vocational education and training (VET) study – applicants whose highest level of study enrolment since leaving secondary education is a VET course.
- Work and life experience (includes less recent secondary results) – applicants who left secondary education more than two years previously and have not undertaken VET or higher education study since then.

Offer round/s

Refers to the series of dates on which offers of higher education places are issued to applicants throughout the year, whether through a tertiary admission centre or directly by a higher education provider.

Pathway

Pathways provide alternative entry options for getting into a course at Deakin if you do not meet the requirements for entry. Pathways to Deakin courses can include options such as Deakin College, TAFE courses or starting your course at a different campus. deakin.edu.au/pathways

Personal statement

The personal statement is used in the admission process by university applicants to highlight any relevant factors or circumstances that cannot be included in the application itself. For example, motivation to study, work experience, community experience, academic performance or languages other than English.

The personal statement can be accessed online once you have registered with VTAC. You can only submit one statement, so you should address all your course preferences and provide details to support your application, such as relevant work experience and your reasons for applying. It is also important that you submit the form by the specified closing date at vtac.edu.au. If a personal statement is required or will be considered, it will be listed in the VTAC course detail online. deakin.edu.au/preparing-your-application

Postgraduate degree

A course of study beyond bachelor level, including graduate certificate, graduate diploma, masters and research degree. In many cases, eligibility for entry to a postgraduate course requires you to have completed an undergraduate degree and/or have significant work experience.

Prerequisites

The VCE subjects or other requirements that applicants must complete to be eligible for selection into a course. Information about prerequisites is best accessed via individual course webpages and on the VTAC website (vtac.edu.au).

Recent secondary education applicant

Current Year 12 (2025) applicants and Year 12 graduates from 2024 and 2023.

Recognition of prior learning (RPL)

RPL is an assessment process used to evaluate a person's prior learning and experience to determine whether credit can be granted in a course to shorten the length of the degree. There are two aspects to recognition of prior learning:

- credit may be transferred to your Deakin program from completed or partly completed studies you have undertaken at other accredited institutions; and
- credit may be granted on the basis of knowledge and skills acquired through informal learning, e.g. in the workplace.

deakin.edu.au/rpl

Scholarships

A scholarship offers support to help a student with their education. Deakin offers a range of scholarships for commencing students that recognise and reward many accomplishments, from leadership skills to academic success, extra-curricular achievements and commitment to study while experiencing personal hardship.

deakin.edu.au/scholarships

Selection rank

The ranking that tertiary admission centres and most universities actually use to assess admission to a course. A person's course selection rank can include their ATAR, any adjustments they are eligible for, such as equity or subject adjustments, other contributions calculated on the basis of work experience or previous non-secondary study, portfolio assessments, results of specified entrance tests, etc.

Semester

The teaching period for the Bachelor of Medicine, Bachelor of Medical Imaging and Bachelor of Optometry.

Seminar

A class where a small group of students discusses study materials and ideas with a member of the teaching team.

Single unit (non-award) study

Single unit (non-award) study provides access to a wide variety of university-level units, without students having to study a full degree. Some units have prerequisites or special requirements but many are open to all potential students and on completion can lead to further pathway options. deakin.edu.au/single-unit

Special Entry Access Scheme (SEAS)

SEAS is an umbrella program of special entry schemes governed by VTAC, and conducted by participating tertiary institutions, including Deakin, that provides special consideration for entry into undergraduate courses. vtac.edu.au and deakin.edu.au/access-equity

Special Tertiary Admissions Test (STAT) Multiple Choice

The STAT Multiple Choice (MC) is a test developed by the Australian Council for Educational Research (ACER) to assess an individual's ability to analyse information and think critically. If you don't meet the course academic entry requirements, or haven't completed Year 12, or don't hold any relevant qualifications, the STAT MC may be an option for you to meet course entry requirements.

If you are unsure whether or not you need to sit the STAT Multiple Choice, or would like more information on non-Year 12 course entry requirements, please visit vtac.edu.au or contact Deakin.

Student contribution

In a Commonwealth Supported Place (CSP), the Australian Government pays some of your fees and you pay the rest. This is called your 'student contribution'. If you're enrolled in a CSP, you may be eligible for a HECS-HELP loan to cover your student contribution amount.

Glossary

Student Services and Amenities Fee

This is a fee higher education providers can charge for non-academic services and amenities, such as advocacy, sporting programs, legal advice and referral, health and welfare, and disability support.

Study score

A score of 0–50 that shows how a VCE student performed in a particular subject compared with others in the same year. It is calculated from your results in assessments and examinations in that subject.

Trimester

The teaching period of most courses at Deakin: Trimester 1 runs from March to June, Trimester 2 from July to October and Trimester 3 spans November to February.

Undergraduate degree

Usually the first degree you obtain in a given discipline area. For example, a Bachelor of Health Sciences. An undergraduate student is usually someone studying for their first degree in a given discipline.

Unit

A Deakin subject or unit is normally one trimester long and most have a value of 1 or 2 credit points.

Victorian Certificate of Education (VCE)

The VCE is a certificate that recognises the successful completion of Year 12 in Victoria. The VCE can provide a pathway to university studies, TAFE and employment.

Victorian Tertiary Admissions Centre (VTAC)

VTAC is the centralised admissions centre for most undergraduate university courses in Victoria. vtac.edu.au

Weighted Average Mark (WAM)

WAM is a calculation of all your relevant unit outcomes within a course. The WAM is weighted by taking into consideration the credit points of a unit and the result. Not all grades are used in the calculation of the WAM.

Year 12 applicant

Applicants with recent secondary education, including current Year 12 (2025) applicants and Year 12 graduates from 2024 and 2023.
